

D.C4.1

Adaptation guidelines

September 2018

Coordinador

Socis

This document has been prepared within the framework of the European project “Fostering resilience. Opportunities and challenges of the local economy and society to adapt to climate change” (LIFE CLINOMICS) co-financed by the European Commission through the LIFE Program (Grant agreement LIFE15 CCA/ES/000102).

Start date of the project: June 2016

End date of the project: June 2019

Deliverable number: D.C4.1

Deliverable title: Adaptation guidelines

Associated beneficiary responsible: CCB

Adaptation guidelines

The variety of training courses developed by Life CLINOMICS have been summarized in a series of videos that offer adaptation guidelines for the primary sector (agriculture, forestry and fishery) and tourism.

The following training videos on climate change adaptation for the economic sectors targeted by CLINOMICS have been developed and are available on the CLINOMICS website:

- Summary of training on adaptation to climate change of Life CLINOMICS project. Available at (in Catalan with English subtitles):
<https://youtu.be/AEWMVppjuMI>
- Agriculture sector
 - Adaptation of vineyards to climate change. Available at (in Catalan):
https://youtu.be/ao4HVLj_v1I
 - Adaptation of agriculture to the impacts of climate change. Available at (in Catalan): <https://youtu.be/g7-0eUDTveU>
 - Adaptation of agriculture to climate change and the role of local authorities. Available at (in Catalan with English subtitles):
<https://youtu.be/UlrVY9cgO1M>
- Forestry sector
 - Valuing ecosystem services of forests. Available at (in Catalan):
<https://youtu.be/HdeNxNutX2g>
 - Agroforestry systems. Available at (in Catalan):
<https://youtu.be/G0gM14V0Dgs>

- Managing climate change adaptation in forests. Available at (in Catalan): <https://youtu.be/NJ3SlgEkFJO>
- Adaptation of forests to climate change and the role of local authorities. Available at (in Catalan with English subtitles): <https://youtu.be/WG-d3N4QlyI>
- Fishing sector
 - A more sustainable fishing model. Available at (in Catalan): <https://youtu.be/fj2PXHung9Y>
 - Adaptation of fishery to climate change: how can it be promoted from local administrations?. Available at (in Catalan with English subtitles):: <https://youtu.be/3y-nVqoPMXQ>
- Tourism sector
 - Communication, Certifications and ecolabels for a sustainable tourism. Available at (in Catalan): <https://youtu.be/NLXRuCd3Ia8>
 - Best practices for a sustainable tourism. Available at (in Catalan): <https://youtu.be/c4wzIkrCaf4>
 - Adaptation of tourism to climate change: how can it be promoted from local administrations?. Available at (in Catalan with English subtitles):: <https://youtu.be/5lI8JZFahI8>
