

The European Charter for Sustainable Tourism and its implementation in natural spaces. The process in Park of Garraf, Olèrdola and Foix.

Sofia Aparicio (Diputació de Barcelona)

This session will present the process that has led the territory of the Park of Garraf, Olèrdola and Foix, their municipalities and the protected natural spaces in the area to obtain the European Charter for Sustainable Tourism.

It will explain what the European Charter for Sustainable Tourism consists of and the process of the last 4 years, from the diagnosis, to the audit, to the certification of Europarc.

And all the work of consolidating the working group and forum of the Charter where we are working on the 32 actions of our first Action Plan from 2017 to 2021.

To explain the second phase of the European Charter, which invites companies in the territory to be certified, we will have David Cano, who manages the rural tourism house La Morera in the Montseny Natural Park and he will explain us his experience with this project.
